

Kairos: Church Planting Support

by Dr. Stanley Granberg
Northwest Church Planting Workshop, March 2006

The Kairos Mission

The Kairos mission is to

- a. _____, Kairos self-assessment (at www.kairoschurchplanting.org) provides insight into 3 foundations and 4 critical competencies. Let's a person or couple begin to think about church planting with good information. The Discovery Lab helps the couples and Kairos answer two critical questions:
 1. _____?
Do I possess the skills and experience to expect to be successful?
 2. _____?
Do I fit well with the abilities and values expressed in Kairos?
- b. _____, Strategy Lab works with the planters to develop their initial ministry plan for starting the new church.
- c. _____, which includes receiving coaching to help work through the needs of the project and spiritual mentoring to help support the personal life of the planter and his wife.

church multiplication leaders

which includes church planters and church leaders in local churches who desire to become church planting churches.

to strategically plant new church planting churches of Christ

1. We are planting from within our fellowship of churches of Christ.
 - a. _____, Kairos ministry staff and planters work under the oversight of elders of existing congregations.
 - b. _____, value and call people to acapella worship as the primary mode of worship.
 - c. _____, planters are asked to incorporate with their state governments as a church of Christ.
2. We ask planters to commit their new church to plant a daughter church beginning as they enter their fourth year from their date of launch.
3. We are not looking to change congregational commitments of existing Christians but we are looking to reach those who are not practicing Christians or have never been Christians.

in order to produce regional church planting movements

What we expect

1. _____, these new churches will express their practice of Christianity in a variety of ways which established churches and members of churches of Christ may not _____
may not _____
would not _____ for them to adopt for their worship
2. _____
 - a. Established Christians ask _____ but the unchurched ask _____.
 - b. Established Christians are comfortable _____ and _____ but the unchurched want to _____
3. That older, established churches need to _____
_____ so that we can bless new people into the kingdom of God through churches of Christ.

What results might we see?

The power of multiplication is significant:

Churches:				
	Year	Plants	Daughtered	Totals
1	2005	2	0	2
2	2006	3	0	5
3	2007	6	0	11
4	2008	8	2	21
5	2009	8	3	32
6	2010	8	5	45
7	2011	10	8	63
8	2012	10	8	81
9	2013	10	13	104
10	2014	12	13	129
11	2015	12	15	156
