

To Strengthen Our Integrity

More than a "do's and don'ts" document, the Ethical Conduct Agreement is to help you be self-aware.

"We are ambassadors of God and his kingdom. To be respected representatives, we will conduct ourselves publicly (both in person and through social media) and privately with the highest degree of integrity, honesty and candor. We will conduct ourselves in a manner consistent with kingdom values."

"We accept responsibility for our actions, public and private. We will not tolerate unethical or dishonorable conduct by those connected to us or this ministry."

"We will respect the privileges afforded us through the gifts of churches and Christians. We will treat with respect the equipment, resources and facilities provided us and Agape Church of Christ."

"We will work well, making wise use of our time and energies so as to serve the community as ministers of reconciliation for Jesus Christ."

"We will speak as ones who have been with Jesus – full of grace and truth. We will guard against sarcastic, caustic and cynical language both in person and through social media. We will speak of Jesus and the kingdom of God."

"We will carefully use any power and influence to advocate for the needs of the 'least of these' – the children, the poor, the oppressed and other vulnerable others, and to guard them from exploitation, neglect, and abuse."

"We will live appropriately in our financial dealings: with our family, church, those with whom we do business, and those we associate with in our community and neighborhood. We will not use our position or authority for personal gain or benefit."

"We will treat our spouse as Christ treats his bride."

"We will guard ourselves from obvious sexual temptations with others, in our use of the internet and with other media."

"We will be compassionate, patient and merciful as parents, giving our children honor and respect. We will not be abusive, neglectful, and/or controlling. We will provide a safe and secure environment for emotional health. We will nurture our relationship and intimacy with each other."
